

Child Welfare, Foster Care and Adoptions Results FY 13

Families Served - 46 children received permanent placement in foster care homes and we finalized 9 adoptions in 2013. We typically serve 10 of the 15 counties in the UP. Each month our four full time and two part time case workers monitor and care for an average of 29 children and their foster care and/or biological families.

UPSCA allows us to provide care for 5 to 6 children each day who do not qualify for state or federal funding.

We are on track to complete 13 adoptions and manage over 40 cases per month by the end of 2014.

Counseling Services Results FY 2013

People Served - Four full time and five part time professional counselors operating out of offices in Iron Mountain, Escanaba and Marquette served 1,754 people in 2013. They provided over 8,700 counseling sessions. 114 people or 17% of those we served required subsidized support for the counseling services. This requirement for subsidized support is expected to rise in 2014.

For 2014, we are on track to double the number of people we serve
