

The Residents and Staff of Divine Infant Living Center, wish to thank you for your outpouring of support. Your generous gifts have raised over \$40,000.00 which ensures the indefinite commitment to care and comfort of all of us who call the Divine Infant Living Center... our home.

Divine Infant Living Center is currently home to 32 adults who live independently, need assistance or are members of our adult foster care floor. These residents are provided a family friendly living environment, with laundry services, three hot meals a day, celebrate daily mass, and enjoy social activities.

***“This facility is a God send! My sister made an incredible change since she arrived. This is my sister’s home and she loves it here.” Mary Jendrusina***

Your support will go directly to funding one of several pending maintenance projects for the facility that have been held off for several months due to very limited funds. Projects such as replacing an old shower with a safer walk-in shower to accommodate more residents. Two rooms in need of remodeling can now be completed. We can also make needed upgrades to plumbing and replace several leaky windows. With the completion of these projects more residents will be able to call Divine Infant their home in the future. Please consider visiting us so we can meet you and thank you in person. Who knows you may want to stay.

With your gift, you have become a part of one of these projects and a part of our Divine Infant family. Jesus told us that the poor is always among us – and I trust that strong, generous friends like you will always stand with us. Thanks for helping us serve as a shining example of God's work throughout the Upper Peninsula.
